
QUANTUM PHYSICS JUST GOT REAL!!

April 6, 2019 - 2:30pm

Come learn something new and interesting about quantum physics, and be able to ask questions to an expert who has recently published a new ground-breaking book on quantum physics entitled, "Quantum Mechanics With A Spin On It". The author, Dr. Eason, has deep experience leading research teams both in the United States and in Asia developing technologies that use quantum physics. He was also a MINT Fellow at the University of Minnesota in 2015-2016.
